

April Fool's Day

By John Marsing, located at www.TorahLawForm.com/Documents/April_Fools_Day.pdf

An email I received said the following ...

In Florida, an atheist created a case against the upcoming Easter & Passover holy days. He hired an attorney to bring a discrimination case Against Christians, Jews & observances of their holy days. The Argument was ~ it is unfair that atheists had no such recognized Day(S).

The case was brought before a judge. After listening to the passionate presentation by the lawyer, the judge banged his gavel declaring, 'Case Dismissed.'

The lawyer immediately stood objecting to the ruling saying, 'Your honor, how can you possibly dismiss this case? The Christians Have Christmas, Easter & others. The Jews have Passover, Yom Kippur & Hanukkah. Yet my client & all other atheists have no such holidays.'

The judge leaned forward in his chair saying, 'But you do. your client, counsel, is woefully ignorant.' The lawyer said, 'Your Honor, we are unaware of any special observance or holiday for atheists. The judge said, 'The calendar says April 1st is 'April Fool's Day.' Psalm 14:1 states 'The fool says in his heart, there is no God.' Thus, it Is the opinion of this court, that if your client says there is no God, Then he is a fool.

Therefore, April 1st is his day.

Court is Adjourned.

And two weeks later the Jew, the Christian and the atheist all pay an annual tithe to their de-jure god. The Jew and the Christian pay this tithe because although they say their god is the God of Israel, their actions (SS5 signature) dictate otherwise. The atheist also tithes to this god arguably is the more righteous because he is not "lukewarm".

My theological half-brethren are Jews (Torah) and Christians (Messiah), but if these half brothers think that there is no religious consequences to their actions then they are fools, hence April 1st is a proper day for those Jews and Christians.

The Passover is an Israelite symbol of freedom from man (pharaoh) and man's false gods / religion. This event occurs in the spring and two weeks prior to this event a most significant decision was made between two groups of people. The Bible shows that one group was foolish because they did not heed the words of Moshe and follow his instructions from avoiding the death angel and so they in effect aligned themselves with the pharaoh. The wise group on the other hand aligned/contracted/covenanted themselves with the Elohim of Israel and walked out of Egypt.

It's interesting to me that both of these sets of events (the Biblical Exodus and modern day America) occur during the spring and occur within the time span of two weeks. This is fitting because of the hermeneutical rule which states that God works in patterns and therefore His creation will reflect that.

The wisest man who ever lived once said "There is nothing new under the sun" and I concur.
